

BARRICADEpro

by EVERWhite

DUAL-USE — Ballistic Door Barrier for Protection, and Whiteboard for Teaching or Presentations!

Quick to Deploy in Emergencies, and Usable Every Day

Deploys in less than 20 seconds to provide reliable protection for classroom or office occupants.

BARRICADEpro completely covers and secures doorways.

- No sight lines when deployed
- Designed to stop up to high-powered rifle ammunition
- Use it every day for presentations, notes, collaboration

A Key Part of Your School or Office Security System

BARRICADEpro is part of the MOBILEGuard family of security products brought to you by EVERWhite.

BARRICADEpro Ballistic Door Barrier

The Fast, Reliable Way to Secure a Classroom

When lockdowns are required, BARRICADEpro is there for quick deployment.

When stationed near a doorway, it easily rolls into position in less than 20 seconds, and then provides steadfast protection when its casters are locked.

Lockdown Protection You Can Count On

- At 85" tall and 44" wide, it completely covers classroom or office doorways.
 - There is no sightline into the room.
 - Intruders can't reach over the top.
 - Ballistic protection extends 78 inches up from 0.6 inch of the floor.
- Interior 1/4" ballistic core steel overlaps at all corners.
- Designed to meet NIJ III ballistic criteria.
 - In testing, stopped bullets up to 7.62mm lead core rifle ammunition.
- All corners and edges are wrapped in 14-gauge steel.
- Top panel is 14-gauge steel.
- Can't be pushed or tipped over once positioned under anti-tipping bracket and casters are locked.

EASY TO DEPLOY

- Rolls easily on four 5-inch, heavy-duty casters.
- Handles allow easy maneuvering.
- Once in place, casters can be quickly locked.

Use Its Whiteboard Surfaces Every Day

- EVERWhite whiteboard surfaces on front and interior side panels.
- The dry erase surfaces are guaranteed not to stain or ghost.
- Easy erasability is a hallmark of the EVERWhite surface.
- Whiteboard surfaces are magnetic, offering expanded presentation use.
- BARRICADEpro blends in with the classroom environment.
- Customize the whiteboard surface with any graphics or wording.
